

Diversity Week at Chandler Hall

Newtown, Pa., Feb. 19th, 2016 - Residents and staff at Chandler Hall just wrapped up a community wide celebration of diversity this past week. Each day the campus joined together to celebrate a different decade starting from the 1920's finishing nearly a century later in the 2000's. All week Chandler Hall residents and staff enjoyed meals representative of the highlighted decades. Cuisine choices from classics like Chicken a La King to more contemporary Cobb Salads were offered. Brochures noting historical and fun facts, as well as games from each decade helped everyone to learn about the culture of the decades presented. It was wonderful to see the Chandler Hall community come together to share stories and pictures of themselves during these time periods and to see what has changed and what has remained constant. Pictured are games representative of the Decades Celebration at Chandler Hall.
